## FEDERAL BUREAU OF INVESTIGATION

Date of transcription 02/21/2003

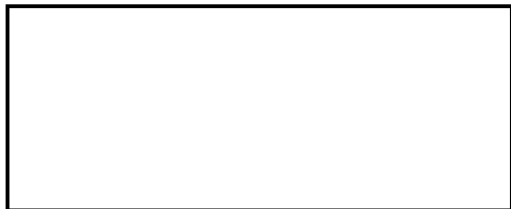

On this date a surveillance was conducted at the Donald E. Stephens Convention Center (DESCC), Rosemont, Illinois. At the DESEC was a computer show and a motorcycle show. The computer show was organized by a show management company out of Minnesota, Blue Star Shows (BSS). This show management company had been identified as having several shows a year at the DESEC and sometimes BSS has more than one show at a time at the DESEC.

As part of the allegations against Rosemont Exposition Services have been that they have double-billed clients who have been renting part of the DESEC during which other shows have been staged, it was decided that an effort should be made to locate and identify clients of BSS. To this end, the writer attended the computer show taking place at the DESEC to identify some of the clients of BSS who have booths at the show.

The following companies were identified:
